SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy (SAP) is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

Evaluation Periods

Students are evaluated for SAP as follows:

- Cosmetology 450, 900, and 1200 scheduled hours
- Barbering 450, 900, and 1200 scheduled hours
- Restricted Barber 300 and 600 scheduled hours
- Nail Technology 120 and 240 scheduled hours
- Facial Specialist 130 and 260 scheduled hours

Transfer Students – Midpoint of the contracted hours or the established evaluation periods, whichever comes first. Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

Maximum Time Frame - The maximum time (which does not exceed 143% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

Course Maximum Time Allowed Scheduled Hours

					Academic Year
Cosmetology	(Full time, 40 hrs. /wk.)	1200 Hours	30 Weeks	1716 Hours	900 Hours

If the student does not complete scheduled hours, clinicals, or training by the contracted graduation date, an additional fee of \$10.00 per hour will be charged until the required hours are completed. The maximum time (which does not exceed 143% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below: Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

Students who meet the minimum requirements for attendance and academic performance listed below are considered to be making satisfactory academic progress until the next scheduled evaluation period.

Attendance Progress Evaluations

The quantitative element used to determine attendance progress is determined by dividing the total hours accrued by the total number of hours scheduled. Students are required to attend a minimum of 70% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements.

At the end of each evaluation period, the school will determine if the student has maintained at least 70% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed. If the student has met the minimum of 70% for attendance, this student will be making satisfactory progress for that evaluation period.

Academic Progress Evaluations

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning (Theory) and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated.

At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale: Students . will be evaluated from 450,900,1200 for the Cosmetology and Barbering and For Restricted Barber program 450, 600 hour point. At the end of the program

World Class Academy of Beauty Careers
#019141-00

students will receive a Diploma. Nail technician will be evaluated at 120 and 240, Facial Specialist will be evaluated at 130,260. Students will receive a Certificate of completion upon completion

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she will be placed on academic probation.

PROBATION

If the student has still not met progress requirements at the end of the warning period, the student will be considered not making satisfactory academic progress. You have until the next evaluation period to bring your grades and/or attendance up to minimum requirements, or up to the requirements set forth in an agreed upon academic plan. If satisfactory performance is not achieved by the end of the probationary period according to satisfactory academic progress requirements or your academic plan, your financial aid will be interrupted, and you will be responsible for payment of all tuition balances. You will then be required to bring your grades and/or attendance up to satisfactory levels in order to have financial aid reinstated.

APPEAL PROCEDURE

For the student to be placed on probation and continue to receive federal financial aid, the student MUST APPEAL the satisfactory academic progress decision within the next 10 days and prevail upon appeal. A student who does not achieve the minimum standards is no longer eligible for Title IV funds unless the student is still in a warning status or has prevailed upon appeal of the determination that has resulted in the status of probation. It is the institutions responsibility to notify the student of any evaluation that impacts the student's eligibility for financial aid.

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed.

This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed, and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid*, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probation period.

WITHDRAWALS

Students who wish to officially withdrawal must notify the school in writing the reason for the withdrawal. The date on the official notification will be the date of determination that the student has withdrawn. Students failing to attend school without any communication will be withdrawn from the school upon 30 continuous calendar days being absent. Students who withdraw and wish to re-enter will return in the same satisfactory academic progress status as at time of withdrawal.

Student who withdrew while not meeting satisfactory academic progress (SAP) must meet the school's minimum satisfactory academic progress requirements by the end of the first evaluation period in order to be deemed in SAP. Financial Aid Information (Cont'd)

FAFSA

Filling out the Free Application for Federal Student Aid (FAFSA) is the first step in securing financial aid. All students must complete this in order to obtain any federal aid, regardless of the financial status of the family. This will determine your eligibility for a wide range of financial aid.

There is a year-end deadline of June 30th to complete the FAFSA. We encourage all students to apply early in order to ensure you receive your disbursements within a reasonable time.

To ensure we can properly process your FAFSA, make sure your completed FAFSA includes **World Class Academy of Beauty Careers** School Code 04252400. This code will be used by the federal processor to ensure we receive your FAFSA results, which will determine your federal aid eligibility. To ensure accuracy, whenever possible, use income and other information from your completed tax return, rather than estimated figures. Once your FAFSA results are received by **World Class Academy of Beauty Careers**, you will be awarded financial aid, according to your eligibility.

You can find more information or apply for financial aid by visiting the FAFSA website at: <http://www.fafsa.ed.gov/>.

Grants

Federal Pell Grant

Grants are financial aid that you do not have to repay and are usually based on your financial need. By completing the FAFSA, you will automatically be considered for the Federal Pell Grant. This grant is awarded to undergraduate students with the lowest Expected Family Contribution (EFC). The award amount may change annually and varies depending on enrollment status (full-time/part-time). If a student withdraws while receiving a Pell grant, the award amount may be adjusted. You can learn more about the Federal Pell Grant by scheduling a meeting with the Financial Aid Administrator or visiting the federal website at: <http://www2.ed.gov/programs/fpg/index.html>.

Loans

Unlike grants and scholarships, loans are a type of financial assistance that must be repaid. Loans come with interest that must also be repaid, so it is important to research and weigh your options carefully before borrowing and borrow conservatively. Federal loans usually have lower interest rates and better benefits than private loans. We strongly encourage students to maximize federal loan eligibility before considering private loan options. By completing the FAFSA, you will automatically be considered for federal loan programs available at **World Class Academy of Beauty Careers**.

Student Rights & Responsibilities

It is expected that students are actively involved in their education. This begins with understanding the Admissions process, determining the best option to pay for school, and striving to always maintain satisfactory progress. We are here to assist students in all aspects of this process, but in the end each student is responsible for his/her own education.

Students are expected to pay for their tuition by one of the methods outlined in the enrollment agreement, signed prior to beginning classes. Failure to make these payments could result in termination from the school. World Class Academy of Beauty Careers will not penalize students for delays in aid due to regulations, timing of financial aid awards, or other circumstances which are out of the student's control. However, if a student fails to act on the items required for financial aid to be processed, the student will jeopardize that student's ability to continue in the program. It is essential that students watch for correspondence from the school or other agencies which may send notices about financial aid.

Verification is a common item which may lead to delays or cancellation in financial aid. If a student is selected for verification, it is essential that student provide the information requested or the student's financial aid package cannot be processed. For more information on verification, see the Verification Policy located in this handbook.

Students must maintain satisfactory progress to remain enrolled at **World Class Academy of Beauty Careers**. This is important not only to ensure academic success, but also may impact eligibility for financial aid. Students who are not progressing according to the requirements of this policy may not be able to receive financial aid funds until satisfactory progress is reestablished. For more information on satisfactory progress, please refer to the Satisfactory Academic Progress (SAP) Policy, which can be found in the school catalog or under the policies section of this handbook.

REFUND PROCESSING

Withdrawal/Termination Paperwork

Once it is determined that a student will be withdrawn or terminated from the program, the Director will attempt to contact the student to meet with him/her to complete the withdrawal/termination paperwork. The following processes are all a part of the refund processing portion of the withdrawal/termination paperwork.

Return to Title IV (R2T4) Paperwork

This form is used to determine the amount of federal student funds that must be returned to the Title IV program on the school's behalf. The Financial Aid Administrator will complete this form and send it to the third-party processor. The third-party processor will review the form and inform the school of the results.

Returning Funds to the Department of Education

If the R2T4 form determines that the school must return federal money, the Accountant transfers the money back into the school's federal account. The third-party processor is informed of the amount and date that the money was transferred back into the federal account.

INSTITUTION REFUND POLICY – NOTICE OF CANCELLATION:

CANCELLATION AND REFUND POLICY

Should a student's enrollment be terminated or cancelled for any reason, this policy applies to any and all terminations. All refunds will be made according to the following refund schedule:

1. Cancellation can be made in person, by electronic mail, by Certified Mail or by termination.
2. All monies will be refunded if the school does not accept the applicant or if the student cancels within three (3) business days after signing the enrollment agreement and making initial payment.
3. Cancellation after the third (3rd) Business Day, but before the first class, results in a refund of all monies paid, except for the registration fee (not to exceed \$150.00).
4. Cancellation after attendance has begun, but through to 50% completion of the billing period, will result in a Pro Rata refund computed on the number of hours completed to the total program hours for that period.
5. Cancellation after attendance has begun, but after 50% completion of the program, will result in 100% of the tuition owed to the school.
6. Termination Date: In calculating the refund due to a student, the last date of actual attendance by the student is used in the calculation unless earlier written notice is received.
7. Refunds will be made within 30 days of termination of students' enrollment or receipt of Cancellation Notice from student.

State Refund Worksheet

This form is used to determine the amount of tuition is owed for the portion of the program that the student completed. This will determine if the student receives a refund for overpayment or an invoice for the total due.

Collection Policy

Tuition accounts are submitted to a privately contracted collection agency 30 days after a student has dropped/terminated from the program. If the student re-enrolls, the account will be removed from the collections process.

Returning Funds to the Student

If it is determined that the student has overpaid for the portion of the program completed, the student will be issued a refund check. The refund will be mailed to the student's current address, unless other arrangements have been made with the Financial Aid Office.

Students using Title IV funds will follow the above refund policy AFTER the return of unearned Title IV funds calculation has been made. This calculation often results in the Student owing tuition and fees to World Class Academy of Beauty Careers. The Federal return of Title IV funds calculation will be used for Students who have received financial assistance under the Higher Education Act, i.e. Federal Pell Grants or Stafford Student Loans, or Federal PLUS Loans awarded under the Federal Family Education Loan Program. If the enrollment is terminated during the first 60% of any payment period, the Federal return of Title IV funds calculation will apply. If the Student has completed 60% of the payment period, no refund is due. If the student has received personal payments of Title IV aid, he/she may be required to refund the aid to the applicable program.

Default Management

Default Management is required by the Department of Education for institutions who participate in the Direct Loan program. This is used as a tool to promote student success, and to reduce student loan defaults in this program. There are nine (9) activities which make this successful, which are:

1. Entrance Counseling
2. Financial Literacy for Borrowers
3. Communication Across Campus
4. Exit Counseling
5. Timely and Accurate Enrollment Reporting
6. NSLDS Date Entered Repayment (DER) Report
7. Late State Delinquency Assistance (LSDA)
8. Loan Record Detail Report (LRDR) Data Review
9. Analyzing Defaulted Loan Data to Identify Defaulter Characteristics

World Class Academy of Beauty Careers has adopted the Department of Education's Default Management Plan. We work with Wright International Student Services (WISS) in order to successfully follow this plan to reduce student loan default rates in the Direct Loan program.

POLICIES

High School Diploma Review

Students are required to have either a valid high school diploma, transcripts with graduation date or a G.E.D. in order to be accepted into the programs at **World Class Academy of Beauty Careers**. This information must be provided prior to acceptance at the school.

If we have a reason to believe that a diploma provided by a student is not valid, the administration will take measures to verify the validity. **World Class Academy of Beauty Careers** maintains a list of schools which have been identified as not providing valid high school diplomas. In order to verify the validity, the administration will first check this list to see if the diploma in question is from one of these schools. If the high school which issued the diploma is not on the list, the administration will research information on the school through the best measures available (internet, phone, contacting other schools that may have dealt with the school in question, etc.).

After further information has been gathered, the administration will meet and decide if the diploma is valid. If no further information can be obtained or if the validity is questionable, the administration will deny admission to the student. The student will be informed by mail that they could not be accepted because the administration could not verify the validity of the diploma.

Grievance Policy

In accordance with the institution's mission statement, the school will make every attempt to resolve any student complaint that is not frivolous or without merit. Complaint procedures will be included in new student orientation thereby assuring that all students know the steps to follow should they desire to register a complaint at any time. Evidence of final resolution of all complaints will be retained in school files in order to determine the frequency, nature, and patterns of complaints for the institution. The following procedure outlines the specific steps of the complaint process:

1. The student should register the complaint in writing on the designated form provided by the institution within 60 days of the date that the act which is the subject of the grievance occurred.
2. The complaint form will be given to the school Director.
3. The complaint will be reviewed by management and a response will be sent in writing to the student within 30 days of receiving the complaint. The initial response may not provide for final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the complaint.
4. If the complaint is of such nature that it cannot be resolved by management, it will be referred to an appropriate agency if applicable.
5. Depending on the extent and nature of the complaint, interviews with appropriate staff and other students may be necessary to reach a final resolution of the complaint.
6. In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the complaint. If necessary, management will appoint a hearing committee consisting of one member selected by the school who has had no involvement in the dispute and who may also be a corporate officer, another member who may not be related to the student filing the complaint or another student in the school, and another member who may not be employed by the school or related to the school owners. The hearing will occur within 90 days of committee appointment. The hearing will be informal with the student presenting his/her case followed by the school's response. The hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each witness' testimony and a recommended resolution for the dispute. School management shall consider the report and either accept, reject, or modify the recommendations of the committee. Corporate management shall consider the report and either accept, reject, or modify the recommendations of the committee.
7. Students must exhaust the institution's internal complaint process before submitting the complaint to the school's accrediting agency, if applicable.
8. If the complaint cannot be resolved after exhausting the institution's grievance procedure, the student may contact the school's licensing agency: Commission for Independent Education, 325 W. Gaines St, Ste 1414, Tallahassee, FL 32399-0400, toll-free at (888) 224-6684.

Employment Assistance Policy

While the school cannot guarantee employment for graduates, assistance in finding suitable employment is provided by posting area job openings on a career opportunities bulletin board for students to review. Students also receive training in professionalism and job search skills including how to write a resume, complete an employment application and prepare for an effective interview. The curriculum places a great deal of emphasis on how to obtain and retain employment after graduation. Graduates are encouraged to maintain contact with the school and follow-up with the school on current employment or employment needs. In addition, the school maintains a network of relationships with professionals and employers who provide mentoring to students while they are in school. Job referrals are made known to interested graduates as available.

CAMPUS SECURITY: ANNUAL SECURITY REPORT & DRUG PREVENTION POLICY

Campus Security Act Information Disclosure

The safety of our campus community is very important to World Class Academy of Beauty Careers. Involvement of our campus and community officials help ensure that we can provide a safe environment learning and growth on campus. The following information is provided regarding our campus security, and we ask that you read it carefully and ask questions about anything you may not understand. This information is provided to encourage a safe campus, and as a member of our campus, we ask that you share in this responsibility to prevent crime from occurring on our campus.

In compliance with the Campus Crime Statistics Act, we are required to provide you with our annual security report. Included in this report are statistics concerning reported crimes which have occurred on campus or on public property surrounding campus for the period of the previous three years. In addition, prior to October 1st of each year, **World Class Academy of Beauty Careers** updates this report and presents it to the students and staff. At this time, local police also come on campus to discuss the topics covered in this report with the campus population. The Director of Education also utilizes this time to identify any hazards or other safety concerns that need to be addressed. To request more information on these requirements, clarifications on the procedures within this report or any information contained in this report, contact the Director of Education.

Preventing campus crime is a responsibility that should be taken very seriously. Never assume that someone else has already reported a crime or suspicious activity. All criminal actions, suspicions or emergencies must be reported to an educator, administrator or owner immediately. The staff member will then assist you in reporting to the local police or other appropriate security force. A staff member made aware of a crime will notify the rest of the staff as soon as possible, perhaps even prior to notifying police, depending on the situation. It is critical that all staff be aware of any report of crime, and that the local police be notified immediately.

If it seems a situation appears abnormal to you in any way, report it. **World Class Academy of Beauty Careers** does not have specific policies or procedures for confidential crime reporting, but crimes can be reported confidentially to the local authorities by simply requesting that the complaint be made anonymously.

Emergency Response and Evacuation Procedures

In the event and confirmation of a dangerous or emergency situation which could pose an immediate threat to the health or safety of students, employees or guests on campus, **World Class Academy of Beauty Careers** administration and staff will immediately notify everyone on campus. Individuals will be notified of what the danger is and what actions should (or should not) be taken to best protect themselves from the danger.

In addition to notifying individuals, the Tallahassee Police Department and/or Sherriff's Department will be contacted and will consult with the administration to maintain order and isolate the situation until the danger is contained. Additionally, **World Class Academy of Beauty Careers** will post timely written notices and warnings explaining the danger and instructions on how to ensure the safety and health of individuals by avoiding the affected area.

On Campus Notification

Upon confirmation of an emergency or dangerous situation, **World Class Academy of Beauty Careers** will:

- Immediately notify all staff in the building. Staff members will then be responsible for notifying all students and guests and ensuring the proper procedure for the specific danger (example: Fire Exit Procedure) is followed.
- Contact the local authorities (if necessary, to assist in the containment of the emergency or dangerous situation.
- Contact the Director/Owner (if they are not presently in the building) to inform them of the situation and consult with them to maintain order and isolate the situation until the danger is contained.
- If danger is contained to a small area of the building, the administration will post written notices and warnings on the inside and outside of all entry/exit doors and in other locations as necessary. The notices will include a description of the danger, what actions should be taken to minimize any possible harm and an estimated duration of the danger. (If the danger consumes the entire building, the administration will post these notices, as possible, avoiding areas that could pose a threat of possible harm to staff members.)

On Campus Notification of a Potential Danger (Example: heavy storms or tornados)

If there is anticipation of a danger which causes the campus to close for a period of time, the administration at **World Class Academy of Beauty Careers** will:

- Notify local television and radio stations of the closure.
- Post written notices and warnings on the inside and outside of all entry/exit doors and in other locations as necessary. The notices will include a description of the danger, what actions should be taken to minimize any possible harm, and an estimated duration of the danger.
- If the campus is open prior to the danger, the administration will notify all staff of the possible danger and what actions can be taken to avoid such danger. The staff will then notify all students and guests on campus who may be affected by the danger. If time permits, all guests who have scheduled appointments will be notified of the closure and possible rescheduling options.

Notifying the Local Authorities

Depending on the nature of the problem the proper authorities will be notified by the staff (or administration, if possible) of **World Class Academy of Beauty Careers**. Chosen authorities will be dependent on the nature of the danger and could include any or all of the following: the Tallahassee Police Department and the Tallahassee Fire Department, Ambulance services or Emergency Services (911), at least.

Once annually, the administration at **World Class Academy of Beauty Careers** will provide the Tallahassee Fire Department and the Tallahassee Police Department with a floor plan of the building. The administration will also notify these agencies of any new construction, long-term functions or any other events which may affect routing or access to the campus. In addition to floor plans, the Tallahassee Police Department, Tallahassee Fire Department, and other local emergency officials are encouraged to tour and walk through the campus regularly.

Testing of Emergency Response Evacuation Procedures

At regular intervals during training, staff and students will be reminded of security and safety procedures including crime prevention, personal safety on and off campus, fire safety, dangerous weather procedures, etc. Local police speakers will be scheduled at least once annually for all students and staff. In addition, **World Class Academy of Beauty Careers** conducts in-house testing of emergency evacuation procedures at least once annually. Students and staff complete a walk-through of the fire and tornado exit procedures and are informed of what to do in case of an emergency.

Safety Procedures

First Aid: A first aid kit is in the front desk and the educators' office.

- Cut finger: Educator should immediately check the wound to see how deep the cut is. Small cuts should be washed, dried, and then covered with a bandage. Bandages and first aid kits are kept in the dispensary and the educators' office.
- Cuts requiring stitches: If possible, a staff member should take the student to the doctor.

Fainting – Do not move the person; call 911. Give facts as much as possible. Keep calm and notify other staff members for help, if necessary. Make the person comfortable.

Fire Exit Procedure – If you smell smoke or see fire, report it immediately to an educator. **DO NOT PANIC!!!** Proceed as follows:

- Students and clients in the styling area will walk to the classrooms or restrooms. Be seated on the floor making space available for others.
- Students in classrooms- remain there.

Staff and Faculty Emergency Responses

***** In case of emergency: dial 911 *****

There are several different potential situations that may occur that have capability to impact students or staff and faculty. The following possible scenarios are described below with steps to be taken.

- Emergency evacuation for a fire incident
- Emergency evacuation for bomb threat or other non-fire situation
- Emergency lockdown
- External lockdown
- Shelter in place

Emergency Evacuation for A Fire Incident

Definition:

A fire emergency evacuation is initiated when a fire incident occurs. Depending upon the campus size, it may require an evacuation of a single particular building affected by the fire incident, rather than the entire campus.

Objective:

All building occupants are safely evacuated to a safe distance and location from the building affected, away from fire hydrants, fire lanes, and not under power lines.

Staff Response:

Staff/faculty responsible for the affected areas should conduct a sweep of the building(s) to ensure all students are aware of and appropriately responding to the fire alarm and safely evacuated.

Fire evacuation procedures:

- Evacuation is mandatory when a fire alarm is activated.
- Designated staff or faculty check the affected building(s) to ensure all personnel are appropriately evacuating.
- Do not use the elevators.
- Assist people with disabilities if possible.
- Ensure all doors and windows are closed as a room and building are evacuated.
- Do not attempt to reenter the facility unless and until directed to do so by authorized personnel.
- Evacuated persons are directed to a safe distance and location from the building affected, away from fire hydrants, fire lanes, and not under power lines.

Emergency Evacuation for Bomb Threat or Other Non-Fire Situation

Definition:

Non-fire emergency evacuation is used for any emergency evacuation not related to a fire incident. It is important to remember that evacuation distances significantly expand, up to hundreds of yards, for suspicious object evacuations. Nevertheless, not all bomb threats will necessarily result in evacuation, depending upon the individual event circumstances.

Objective:

Move all campus occupants to a remote, predefined and controlled location.

Staff Response:

Team members who are designated to sweep evacuation routes and sites should locate a staff member to take responsibility for students under their supervision and should then sweep the evacuation route and evacuation site for secondary hazards. They should immediately report their findings to the lead administrator.

World Class Academy of Beauty Careers

#019141-00

Note: The lead administrator will typically direct that this step be completed before making the general announcement for evacuation of the building.

Other staff:

- Gather all students and visitors in your area of responsibility and evacuate using the route and site designated by the lead administrator or designee.
- Ensure that all special needs persons are helped by their designees as per the site evacuation plan.
- Remain alert to your surroundings. Be particularly alert to any people or conditions that might pose a danger to evacuees. If you encounter a significant hazard, quickly evaluate the situation; adjust your evacuation route and attempt to notify the lead administrator or the appropriate public safety officials.
- Once you reach the designated evacuation site, search the site for suspicious objects and adjust accordingly.
- On evacuation site - develop a written list of all evacuees and provide the list to the lead administrator or his/her designee. Also indicate the presence or lack of any suspicious objects in your room/work area.
- Supervise students under your care.
- Do not attempt to reenter the facility unless the lead administrator or his/her designee directs you to do so.

Emergency Lockdown

Definition:

Emergency Lockdown is used to dramatically and rapidly enhance the level of security in the facility. By locking all exterior, interior and class doors, staff can make it more difficult for dangerous person(s) in the vicinity or in the facility to gain access to staff and students.

Note – locking doors should not eliminate immediate egress possibilities from the facility.

Objective:

Create as many physical layers of separation between you and the potential aggression.

Staff Response:

- Make sure entrance points to the building near your location are locked immediately.
- If you are in an area with a door that can be locked, gather all students in the vicinity into the room and lock the door.
- Improvise additional door blocking if possible.
- Close blinds and cover additional windows, e.g., with a shirt, up-turned table, paper, etc.
- Turn off lights in the room.
- If possible, report your status to the lead administrator or designee by telephone or intercom.
- Do not open the door for people claiming to be public safety personnel unless you have an opportunity to view photo identification or are instructed to do so by a staff member whom you recognize.

Department of Homeland Security:

- **“Active shooter awareness - options for consideration”**
<http://www.dhs.gov/video/options-consideration-active-shooter-training-video>

External Lockdown

Definition:

External lockdown creates a physical layer of security between the internal and external dimensions of the campus. By locking all exterior doors and supervising these doors, staff can make it more difficult for a possible external intruder or a potentially dangerous person in the vicinity of the facility to gain access to staff and students. In addition to locked entrances and supervised entry and exit to campus facilities, this step may include barricades to campus property (e.g., barricades or chains restricting access to campus parking lots and grounds). This lockdown allows staff and students to continue with productive activities while maintaining access control to the facility.

Objective:

Create a physical layer of security between the external environment and internal campus operation while elevating the overall level of security.

Staff Response:

- Make sure the designated entrance points to the building near your location are locked immediately.
- If you are in an external classroom to the main building move students to alternative internal classrooms.
- If possible, report your status to the lead administrator or designee by telephone or intercom.
- Continue with normal activities as much as the situation allows.
- If students or staff have a need to move about in the building, obtain permission first from the lead administrator or designee.
- Be prepared to rapidly implement an emergency evacuation or emergency lockdown – if directed to do so or if circumstances indicate you should do so.

Shelter in Place

Definition:

Sheltering in place procedures are traditionally utilized when:

1. A tornado has been spotted.
2. There has been a chemical or biological incident outside of, but in proximity to, a facility and available information indicates that there is no adequate time to evacuate building occupants to another safe location before the dangerous contaminants reach the facility.

Objective:

Seek immediate shelter away from doors and windows and remain there during an emergency.

Staff and Faculty Must Know – Emergency Information

The campus takes various precautionary measures to protect the students, staff, faculty, and campus visitors. Nevertheless, unavoidable emergencies may occur in extreme situations. Therefore, our campus has a **World Class Academy of Beauty** Response Team that implements and oversees the campus response to a crisis. The WCART receives training in dealing with crisis situations and will primarily direct the immediate response to a crisis until the arrival of law enforcement and emergency response personnel.

In order to make this program effective, all staff and faculty are expected to familiarize themselves with the following emergency procedures.

Nothing herein precludes any student, staff or faculty from contacting the appropriate authorities directly in the event they feel in threat of physical harm or imminent danger.

Staff Response:

- All staff that is outdoors should quickly gather all students and adults in the area and instruct them to go inside the facility immediately. Once inside, if possible, instruct everyone to move to an interior area without windows and doors.
- Close all windows and doors.
- In chemical spills / biological incident - if available, use tape to cover all windows and doors with sheets of plastic to help reduce airflow into the area. Wet towels can be used to reduce airflow under doors. Close all outside air vents. Turn off all heating or ventilation systems. Use damp towels or cloths to cover any openings in walls or doors. Tape can also be used to cover any cracks, crevices, electrical outlets, cable television connections or other openings that might allow air to flow into the shelter area.
- Listen to local radio or television news for instructions from emergency management and public safety officials.
- Review emergency evacuation protocols.

Annual Campus Crime Statistics

World Class Academy of Beauty Careers will inform students and employees of any crimes committed on campus within two days of the incident. This information will also be entered in the Campus Crime Log within two days of the incident, unless the disclosure is prohibited by law or could impact the confidentiality of the victim. Incidents which have occurred in the most recent 60 days entered in the crime log is open for public inspecting during regular business hours, and incidents which are older than 60 days will be provided for public inspection within two business days of the request. The Campus Crime Statistics listed are prepared annually and are provided to all students and employees.

SUBSTANCE ABUSE POLICY

The School publishes and distributes annually to all current students and employees a copy of the Drug and Alcohol Abuse Prevention Program. Below are the details related to this topic.

Drug and Alcohol Abuse Prevention

Drug abuse affects all aspects of American life. It threatens the workplace, our homes, our schools and our community. The U.S. Department of Education requires institutions of higher education to implement a drug prevention and awareness program for their students and employees through the **Safe and Drug-Free Schools and Communities Act**. All students are expected to conduct themselves as mature adults and as members of an academic community. The consumption of alcohol or drugs while attending class is prohibited and may be subject to disciplinary action.

Standards of Conduct

The School community must adhere to a code of conduct that recognizes that the unlawful manufacture, sale, delivery, unauthorized possession or use of any illicit drug is prohibited on property owned or otherwise controlled by the School. If an individual associated with the School is apprehended for violating any drug-or alcohol-related law when on School property, or participating in a School activity, the School will fully cooperate with all law enforcement agencies.

Underage possession or consumption of alcoholic beverages is not permitted on property owned or controlled by the School and the state laws will be enforced. Intentionally or knowingly selling, or intentionally or knowingly furnishing alcoholic beverages to persons under the age of 21, or to persons obviously inebriated, is not permitted on property owned or controlled by the School.

Health Risks Associated with the use of Illicit Drugs and the Abuse of Alcohol

Moderate to high doses of alcohol cause marked impairments in higher mental functions and the loss of memory. High doses of alcohol can cause respiratory depression and death. Long-term consumption, particularly when combined with poor nutrition, can also lead to dependence and permanent damage to vital organs such as the brain and the liver. Physical effects of drugs include increased heart rate, bloodshot eyes, dry mouth and throat, and increased appetite.

The use of drugs may impair or reduce short-term memory and comprehension, alter sense of time, and reduce the ability to perform tasks requiring concentration and coordination. Motivation and cognition may also be altered making the acquisition of new information difficult. As one can see from the above, there are major health risks associated with the use of illicit drugs and the abuse of alcohol.

Federal Financial Aid Penalties for Drug Violations

Federal guidelines focus strongly on illicit drug use and distribution. The Higher Education Opportunity Act states students convicted of an illicit drug violation can be denied federal financial aid for a specific period, in addition to other legal penalties. The Free Application for Federal Student Aid (FAFSA) asks students if they have been convicted of a drug-related offense: "Have you ever been convicted of possessing or selling illegal drugs?" If you answer "yes," the **World Class Academy of Beauty** will send a worksheet in the mail to determine if your conviction affects your eligibility for aid. Failure to answer the question automatically disqualifies students from receiving federal financial aid. Answering this question falsely could result in fines up to \$20,000, imprisonment or both.

Penalties for Drug Convictions

If the student was convicted of both possessing and selling drugs, and the periods of ineligibility are different, the student will be ineligible for the longer period.

Possession of Illegal Drugs

- For a first offense, a student loses eligibility for federal financial aid for one year from the date of conviction.
- For a second offense, a student loses eligibility for federal financial aid for two years from the date of conviction.
- For a third offense and subsequent offenses, a student has indefinite ineligibility for federal financial aid from the date of conviction.

Sale of Illegal Drugs

- For a first offense, a student loses eligibility for federal financial aid for two years from the date of conviction.
- For a second offense and subsequent offenses, a student has indefinite ineligibility from the date of conviction.

Some other potential federal penalties and sanctions applicable to drug-related offenses include:

21 U.S.C. 844

1st conviction: Up to one (1) year imprisonment and fined at least \$1,000, or both.

After 1 prior drug conviction: At least 15 days in prison, not to exceed 2 years and fined at least \$2,500, or both.

After 2 or more prior drug convictions: At least 90 days in prison, not to exceed 3 years and fined at least \$5, or both.

Provisions relating to increased penalties in cases of certain serious crack possession offenses, making offenders subject to fines under Title 18 or imprisonment to terms not less than 5 years and no more than 20 years, or both.

Possession of flunitrazepam shall be imprisoned for not more than 3 years, shall be fined as otherwise provided in this section, or both after mixture and substance exceeds 1 gram.

21 U. S. C. 844a

More information about federal penalties and sanctions for unlawful possession, use, sale, and/or distribution of controlled substances is located at <http://www.deadiversions.usdoj.gov/21cfr/21usc/index.html>

21 U. S. C. 862

- a. Drug Traffickers - Denial of Federal benefits, such as student loans, grants, contracts, and professional and commercial licenses, up to 5 years for the first offense, up to 10 years for second and permanently ineligible for subsequent offenses.
- b. Drug Possessors – 1st offense is up to 1 year and 2nd and subsequent offenses are up to 5 years.

Any penalty imposed for violation of this subchapter shall be in addition to, and not in lieu of, any civil or administrative penalty or sanction authorized by law.

c. Suspension of period of ineligibility (A) (B) (C)

How to Regain Federal Student Aid Eligibility

- A student can regain eligibility for federal student aid funds the day after the period of ineligibility ends or upon having a conviction reversed, set aside, or removed from the student's record so that fewer than two convictions for sale of illegal drugs or three convictions for possession remain on the record. In such cases, the nature and dates of the remaining convictions will determine when the student regains eligibility.
- A student may also regain eligibility upon successful completion of a qualified drug rehabilitation program that must:
 - Include the student passing at least two unannounced drug tests; AND
 1. Have received or is qualified to receive funds directly or indirectly under a federal, state or local government program, or
 2. Be administered by a federal, state, or local government agency or court, or
 3. Be qualified to receive payment directly or indirectly from a federally or state-licensed insurance company, or
 4. Be administered or recognized by a federally or state-licensed hospital, health clinic, or medical doctor.
- A student may further regain eligibility upon successful completion of two unannounced drug tests which are part of an approved rehab program (the student does not need to complete the rest of the program).

The student is responsible to certify that a rehabilitation program was successfully completed. As with the conviction question on the FAFSA, the School is not required to confirm the reported information unless conflicting information is determined.

Convictions During Enrollment

Federal regulations require enrolled students convicted of a drug offense after receiving federal financial aid to notify the School immediately. The student will then become ineligible for further federal financial aid and must repay federal financial aid received after the conviction.

Non-Harassment Policy (Includes sexual harassment)

Our Academy does not tolerate and expressly condemns any harassment of our employees, students or guests by any employee, student or non-employee. Any form of harassment relating to any person's race, color, gender, religion, national origin, age, sexual orientation, or disability is a violation of our policy, and will be treated as a disciplinary matter. For our purposes, the term "harassment" includes, but is not necessarily limited to, slurs, jokes, and other verbal, graphic, or physical conduct relating to an individual's race, color, gender, religion, national origin, age, sexual orientation or disability.

"Harassment" also includes unwelcome sexual or social advances, request for sexual favors, and other verbal, graphic, or physical conduct of a sexual nature. "Harassment" also includes all forms of sexual violence, including but not limited to rape, sexual assault, sexual battery and sexual coercion.

Proven violation of this policy by a student shall subject that student to disciplinary action up to and including termination from the program and if deemed appropriate, providing information on the act to the local authorities. Proven violation of this policy by an employee shall subject that employee to disciplinary action up to and including termination and providing information on the act to the local authorities.

If you feel you are being harassed by any other student, employee, supervisory or non-supervisory, because of your race, color, gender, religion, national origin, age, sexual orientation or disability or are subjected to sexual harassment, you should at once make your feeling known to the Owner or a Director. We will give top priority to any such matter. We will see that the matter is investigated and, where appropriate, that disciplinary action is taken. During the investigation of a harassment complaint, both the accused and the accuser will be entitled to the same opportunities including having others present during disciplinary proceedings and being notified of the outcome of the disciplinary proceeding.

Victims will be helped in notifying local authorities and identifying off-campus services including but not limited to victim services, educational programs, and support groups. If necessary, the victim will also be given options which will allow changes to be made to the victim's academic schedule.

Harassment of our students in connection with their learning by non-employees may also be a violation of this policy. Any student who becomes aware of any harassment of any student by a non-employee should report such harassment to the Owner or a Director. Appropriate action will be taken against violation of this policy by any non-employee.

Additional community information for victims of sexual or any other form of harassment can be obtained by contacting the Director. The State of Florida maintains a Department of Corrections Sexual Offender Registry which can be used to identify registered sex offenders as well as provide information on the Florida's Sex Offender Registration website: www.floridasexoffender.net

If you are Sexually Assaulted

- Get to a safe place.
- Call the police as soon as it is safe to do so by dialing 9-1-1.

Reporting the Assault

Students who believe that they are victims of a sexual assault should contact at least one of the following school officials:

- School Instructor
- Director

School faculty, staff members or campus visitors who believe they are victims of a sexual assault should contact at least one of the following school officials:

- Director
- School Instructor

Individuals who have been raped or sexually assaulted should try to preserve all physical evidence. They should not wash, use the toilet, or change clothing, if doing so can be avoided. If oral contact took place, one should not smoke, eat, drink, or brush one's teeth. If one changes clothes, all clothing worn at the time of the attack should be placed in a paper bag, not plastic. Medical attention should be sought as soon as possible to assess any physical injuries, provide appropriate medical treatment, and collect important evidence in the event legal action is taken.

In cases of alleged sexual assault, the accuser and the accused are entitled to the same opportunities to have others present during campus disciplinary proceedings, and both the accuser and the accused shall be informed of the outcome of any campus disciplinary proceeding brought alleging a sexual assault. An accused perpetrator of sexual assault, if determined to be responsible of the accused sexual assault, may be dismissed from the School immediately.

The nature of sexual assault, particularly when perpetrated by an acquaintance, makes it difficult for many survivors to report their experience. For this reason, the local Shelters and Women's Service Centers are primary places where individuals may seek assistance in complete confidentiality.

Suggestions to Reduce Risk

- There is strength in numbers or group dates. Go to parties or clubs with a friend and be responsible for each other. Don't split up. Have a preplanned signal to let your friend know that you want to leave or need help.
- Control your alcohol; don't let it control you. Drink responsibly or not at all, especially on first dates.
- No substance abuses.
- Know your limits. It's never too late to say "no." Don't be embarrassed or ashamed to say "no" or ask someone to stop. It is your body.
- Verbalize your expectations. Be up front. Talk about sexual boundaries. A potentially embarrassing conversation could save you from a traumatic situation.
- Trust your gut instinct. Guard your personal space. If someone makes you uncomfortable, remove yourself from the situation.
- Believe in yourself. Know your rights. Women do not ask to be raped any more than a man with money in his pocket is asking to be robbed. You are in charge of your body and you can say "NO".
- End the night early if your date becomes drunk or abusive. No one deserves physical or emotional abuse.

Response to Reports of Sexual Assault

The school is committed to creating an environment that both promotes and assists in prompt reporting of sexual assault, and to providing compassionate support services for survivors. Students who are the victims of campus-related sexual assault are entitled to certain rights. These rights include, but are not limited to, the following:

- The survivor has the right to have their claims treated seriously and to be treated with dignity.
- The survivor has the right to be informed of their options about notifying law enforcement authorities and to be assisted in notifying such authorities if they so choose. Because the school recognizes that a sexual assault is more than an assault on an individual's body but is also an attack on the individual's dignity and sense of self, the school is committed to ensuring that the decision to act against the accused rests solely with the survivor. There may be circumstances, however, depending upon the status of the alleged assailant and the seriousness of the offense, in which the school must act to protect the survivor or the campus community. Federal law requires that the school provide the campus community with timely notice of certain reported crimes and/or acts the institution believes represent a threat to members of the campus community.
- The survivor has the right to be free from undue coercion of any kind from the school's personnel. Such coercion includes but is not limited to pressuring the survivor to report, not to report, or to under report a sexual assault; suggesting that the survivor somehow contributed to or assumed the risk of being sexually assaulted; or suggesting that the survivor or the school would incur unwanted publicity or humiliation by reporting the sexual assault.
- Student survivors may choose to change academic arrangements, if such changes are reasonably available, without financial or academic penalty. For assistance in exploring options for a change in academic situations, contact should be made with the Renae Rollins (Director).

Drug and Alcohol Counseling

Available to all students is the 211 Helpline Center. Students can call 211 to receive referrals to local resources and support for individuals who need drug and alcohol counseling.

Institutional Sanctions for Alcohol and Drug Violations

Any member of the School community found consuming or selling drugs on School property shall be subject to discipline on a case-by-case basis.

- Discipline will be based on the seriousness of the situation.

- A case may result in dismissal from the School.
- In all cases, the School will abide by local, state and federal sanctions regarding unlawful possession of drugs and the consumption of alcohol.
- Additional state penalties and sanctions may also apply.
- The School has adopted a zero-tolerance policy regarding underage drinking.
- Successful completion of an appropriate rehabilitation program by an individual confirmed to have been in violation of alcohol or drug policies and/or laws who has since sought admission or readmission to the school will be considered on a case-by-case basis.

Biennial Review of the Drug and Alcohol Abuse Prevention Program

Schools are required to conduct a biennial review of their drug and alcohol abuse prevention program. This review must include a determination of the number of drug and alcohol-related violations and fatalities that occur on the institution's campus or as part of the institution's activities and the number and type of sanctions imposed by the institution as a result of drug and alcohol-related violations and fatalities that occur on the institution's campus or as part of the institution's activities.

The term "campus" is defined in the same manner as it is defined for campus safety reporting purposes. That is, the term campus encompasses any building or property owned or controlled by the school within a reasonably contiguous geographic area used in direct support of the school's educational purposes or used by students and supporting institutional purposes.

The effectiveness of **World Class Academy of Beauty Careers** prevention program is, in part, also measured by tracking the number of drug and alcohol-related disciplinary actions, treatment referrals, and incidents recorded by campus officials.

Additionally, to assist in the determination of the effectiveness of the School's prevention program, the school considers, if and when the school is made aware, the number of students or employees attending self-help or other counseling groups related to alcohol or drug abuse. The school also conducts a survey to ascertain student, faculty, and employee attitudes and perceptions about whether there is a drug and alcohol problem on campus.

With the results gathered from the various points of information described above, the school writes its report giving the results of the biennial review and its determination of whether the program is being effective or must be modified. The school keeps the biennial review on file in case of a possible audit. Schools are not required to send their review to the U.S. Department of Education unless requested to do so. The School conducts its biennial review every other year (odd). The report from the review and documents related to it are retained for three years after the fiscal year in which the report was created.

A STATEMENT OF PROGRAMS AVAILABLE TO STUDENTS AND EMPLOYEES RELATED TO CAMPUS SECURITY, PERSONAL SAFETY, AND CRIME PREVENTION

World Class Academy of Beauty Careers has a directory of services that are available, within the community, to assist those who have suffered from a criminal act. These services are usually free and are provided by the community. During the orientation of students, faculty and staff, procedures are outlined to cover the reporting of all criminal acts.

**On March 7, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA). Among other provisions, this law amended the Clery Act to require postsecondary institutions to include in their Annual Campus Security Report all instances of domestic violence, dating violence and stalking; and instances of gender identity and national origin crimes which fall under the category of Hate Crimes. These new reportable items must be included in the ASR released by October 1, 2015.

Geographical Area

The Clery Act requires each institution to disclose crime statistics that occur on three types of property: campus, non-campus buildings or property, and public property areas.

“Campus” is defined as buildings or property owned or controlled by the institution within the same reasonably contiguous geographic area and used by the institution in a manner related to the institution’s educational purpose. It also includes property in that contiguous area owned by the institution but controlled by another person, if that property is used by students and supports institutional purposes (e.g. a food or retail vendor). Branch campuses and geographically disconnected administrative divisions or schools would be considered separate campuses for the purposes of reporting.

“Public property” is property that is located within the same reasonably contiguous geographic areas of the campus, like a sidewalk, street or public parking lot, that is adjacent to a facility owned or controlled by the institution for purposes related to the institution’s educational purposes. Crimes occurring on “public property” must also be reported in the crime statistics.

A “non-campus building or property” is one that is owned or controlled by a school recognized student organization, or one that is owned or controlled by the institution and used by students or by the institution for education-related purposes and that is not within the same reasonably contiguous geographic area of the institution. Fraternity and Sorority-owned Chapter houses fall into this category as do off-campus locations.

Information about our campus:

- All criminal actions must be reported to an Educator, Director, or Owner immediately. That individual will assist the student or guest in reporting the crime to the local police or other appropriate security force.
- The facilities are open Tuesday-Saturday according to assigned class/salon area schedules. The building may also be open for educational classes for licensed professionals in cosmetology or to groups securing the use of the facilities through the Director or Owner. Only educators and owners have keys to the building.
- A staff member made aware of a crime will notify the rest of the staff as soon as possible, perhaps even prior to notifying police, depending on the situation. It is critical that all staff be aware of any report of crime and that the local police be notified immediately.
- This information will be provided to all prospective students. At regular intervals during training, staff and students will be reminded about security and safety procedures include crime prevention, personal safety off-campus, fire and tornado procedures, etc.
- Local police speakers will be scheduled at least once annually for all staff and students.
